## STRIKE WILL BE PREVENTED

NEW YORK, March 17.—The willingness of the brotherhood chiefs to postpone the strike order was declared by representatives of the managers to be the most important concession the brotherhood heads had made since negotiations to settle the eight-hour law controversy first began last August. The belief was expressed in behalf of the railroad that the strike would be prevented.

## SOCCER FOOTBALL IS TO HOLD INTEREST THIS SEASON

Ogden is to be represented in the Daynes cup soccer football competition by a fast team. If plans now under way do not miscarry. The soccer club, the members of which will compose the competing team, was organized Thursday night at a meeting in the county courthouse, with A. H. Pedlar as president. Other officers elected were J. MacGIVEN, vice president; J. Hughes, secretary; Harry Hampton, treasurer; Tim Taylor, Wilford Hampton and David Taylor, directors, and George Jenkinson, team captain.

There were more than thirty soccer players at the meeting, among the older ones being Messrs. Brash, Johnson, Christian, Garret and the newcomers who are responsible for the revival of the sport in this locality. Jenkinson, Wilson, Tittley, brothers, Whetton, Cuddeby and others. "Shorty" Hudson was chairman.

To give the directors a proper opportunity to select the best players for the competition team, it is probable that the "old players" and the "new players" will be matched for a contest at an early spring date.

## JACK HUDSON IS DECLARED WINNER

In Plain City last night the sport lovers of the community were entertained with a wrestling program and, later, with their ladies, at a dance. The main wrestling event was between Jack Hudson of Plain City and Chas. Raty of Marietta. Hudson won in two straight falls, 19 and 17 minutes respectively.

Coony Kemose of Farr West and Scott Kinley of Warren wrestled to a draw, and Benny Hudson of Plain City defeated Lewis Roberts of Ogden, in a handicap match.

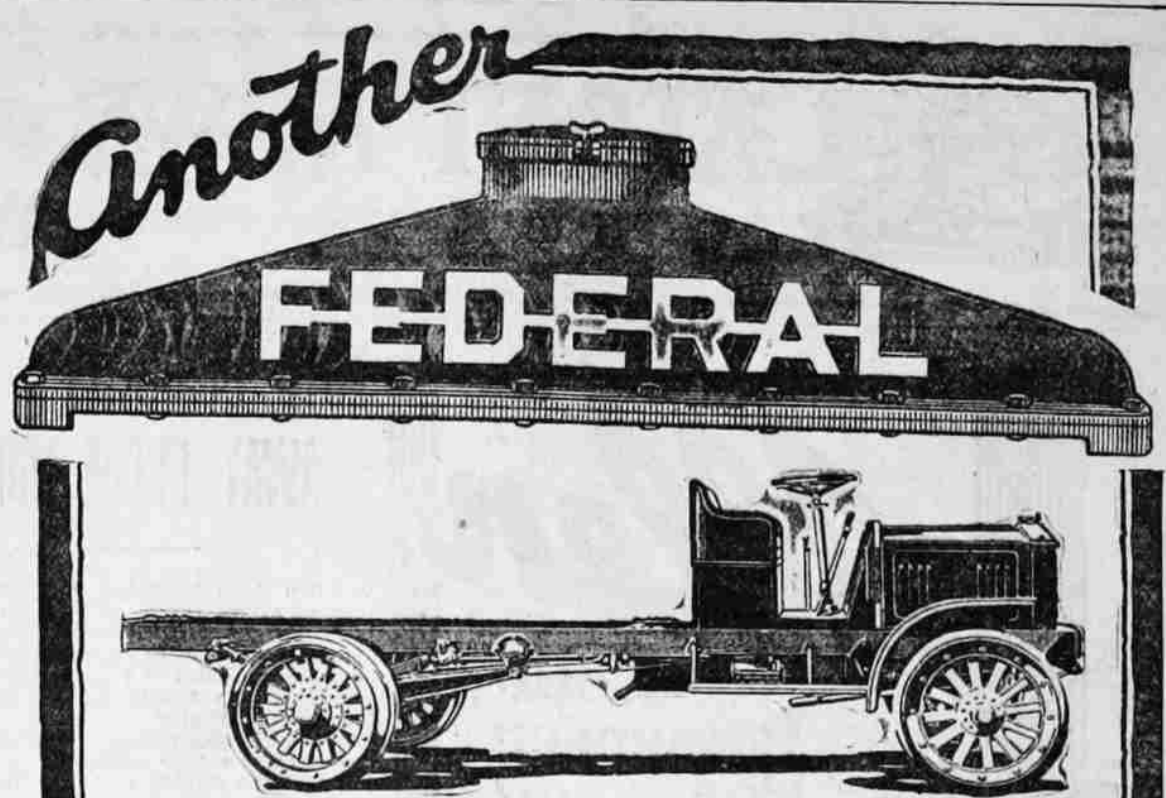

## PASSING OF CHECKS CAUSES ARREST OF HOGGE

By direction of Sheriff Herbert C. Peterson, David H. Hogge late yesterday was arrested and jailed by Deputy Sheriff William Brown on a charge of passing two worthless checks, one for \$8.50 cashed at the Kennedy cafe, and the other for \$5, cashed at the Golden Rule store. The \$8.50 check bore the name of Ezekiel Ferrin of Huntsville. It was endorsed "D. H. Hogge, 1926 Grant avenue," but the prisoner does not live at that number. It is said. He is locally well known.

## Deaths and Funerals

Many instances have been cited in the motor industry of particular cases where really wonderful feats have been performed by cars or trucks.

But what the buyer of a motor truck wants to know is cold-blooded records of day-in and day-out service in actual work—not spectacular data on isolated and exceptional accomplishments.

Thousands of FEDERAL trucks are today in use in over 150 different lines of business. The consensus of opinion of this great number of users in so many different fields operating for so many different purposes is that the Federal is a truck of remarkable satisfaction.

This is true to such an extent that 62% of all Federal orders are for "Another Federal" from owners who have already put a Federal Truck to the test of daily service.

In daily use for these owners Federals have PROVED that they are economical in use of gasoline—that they have a minimum cost of upkeep—that they can withstand rough and tumble usage in all kinds of work under all conditions of road and weather.

So we don't have to CLAIM these things—Federal owners right in this city have PROVED them for us and for YOU.

Find out whether or not Federals can give YOU a more economical and more efficient haulage system. See us or write direct to the Federal engineering department at Detroit who will help you to solve your haulage problem without placing you under any obligations.

## "The Dancer's Peril"

Thoroughly satisfactory from every viewpoint—scenery, costumes, acting, plot—this film ranks at the top of all screen productions. With popular and charming Miss Alice Brady as the star and with everything else that is needed to make it a thoroughly entertaining and interesting attraction, everyone who wants to see an absolutely satisfactory pictureplay, should see this great production. Four days, beginning Sunday. Popular Plays and Players, at the UTAH. Phone 3060.—Advertisement.

Nurses in every State hospital in California will be organized.

## Progress

TRANSPORTATION has always been closely linked with progress, a step in advance of it, leading the way. The locomotive and the steamship made possible the tremendous strides civilization has taken in the past hundred years. With the dawn of the new century came the automobile—the long sought solution to the problem of safe and rapid transportation for individuals.

Among the earliest builders of practical motor cars the name Buick stands out prominently. Buick engineers were quick to grasp the possibilities of this wonderful field, and busied themselves in weeding out the purely theoretical ideas from the practical in automobile designing. The result was the Buick Valve-in-Head motor car, built around a correct principle that has withstood the test of time. Through sixteen years, no fundamental change has been made in the underlying principle of Buick motor design.

Valve-in-Head means power—economy—long life. It means entire motoring satisfaction. Everybody knows that Valve-in-Head means Buick, and that Buick means progress in the building of high-grade motor cars.
